

VETERINARY GRADUATE PROGRAMME

Vet Services graduate programme is designed to support and develop your career as a new veterinarian.

WHAT YOU CAN EXPECT FROM OUR NEW GRADUATE PROGRAMME

A Personalised Experience

We are the true definition of a mixed practice! Having a huge variety of veterinary work available allows our team to develop interesting and diverse careers.

Your first two years will be tailored to suit the work you are interested in, whether that is small animal, large animal, equine or a mix!

Strong Support Network

The first years of your career are exciting, but challenging - Vet Services new graduates are peered up with friendly and experienced mentors to support you every step of the way.

Continued Personal Development

We actively encourage and fund our staff to continue their education. As a new graduate you will have regular training sessions, paid CPD, and inter-clinic meetings with all vets from Vet Services Hawkes Bay and Dannevirke. These are great opportunities to share information and a few laughs.

Induction & Graduate Getaway

In your first 3 months with Vet Services you will have an overnight stay and induction to the business. This will be a great chance to get to know the other recent graduates and to develop relationships which will last a lifetime.

Throughout the programme you will attend a series of recent graduate workshops, dinners, and a graduate getaway.

Staff Perks

Including health insurance, Birthday Leave, free & discounted products and services, flu vaccinations, health checks, days off after duty and more!

Social Sports & Events

At Vet Services we work hard, and we play hard, with a very active social and wellness committee who ensure that there's always sport and events to look forward to.

We recognise veterinary medicine can be stressful at times and encourage all recent graduates to get involved in Surfing for Farmers, social sport, and our sponsored events in the community.

ABOUT VET SERVICES

Vet Services Hawkes Bay is a locally owned and operated veterinary practice with opportunities for passionate people looking to develop their career.

Whether you are looking to start your veterinary career, for an opportunity to gain valuable work experience, or wish to apply for a scholarship towards your tertiary studies Vet Services would love to hear from you.
